Portfolio

Summary

A proactive and fast learning individual seeking the opportunity for professional experience in web development that allows me to nurture and expand my ability, knowledge, skills, and experience to help the company achieve business goals while sticking to the vision, mission, and values. A full stack developer candidate skilled in writing clean, testable code. A designer proficient in mobile-first, responsive design with accessibility for all users. Experience with modern tooling and excited to use the right tools for the job. If you are looking for diversity in your workforce, I am uniquely qualified with my education, work history, travel, and life experience.

I am a unique individual. I love to learn. I love to help others learn and grow. I am passionate about designing with accessibility for all users. I want to bring my expertise from the classroom and rehearsal hall to help develop educational tools for learners of all ages. A fast learner, conscientious, and knowledgeable in learning styles, and instructional techniques. I will apply that knowledge in developing tools for tomorrow's learner. I am uniquely qualified with my education, work history, travel, and life experience.

Skills

Advanced: HTML5, CSS3, Node.js, Git, GitHub, NPM, REST APIs.

Proficient: MongoDB and PostgreSQL, Mocha, JavaScript, React, jQuery, Swift

Expert: Written and verbal communication, project management, public speaking, curriculum development, facilitating adult learning.

Recent Projects

Pictionary: A full stack online Pictionary app. Built with React, Node, Express and Mongo.

Practice Partner: A full stack app to motivate students to practice. Built with React and PostgreSQL.

Cities Battle: A research app to compare quality of life in two cities. Built with HTML, CSS, and Angular.
